Saturn 11 Pis 59
Uranus 11 Vir 30
Neptune 19 Sco 31

5th cusp 9 Sag 47
6th cusp 14 Cap 13

Chapter 1: How You Approach Life and How You Appear To Others

Leo Rising:

Ferociously proud and somewhat vain, you like to be impressive and to be seen as Somebody Special. You are not timid, meek, or self-effacing, and are rarely content being in the background or in the subordinate position. You are a natural leader, and do not take orders from others very well. You must have something of your own, something creative - be it a business, a project, a home or whatever - that you can develop and manage according to your own will and vision. Whatever you do, you do it in a unique, dramatic, individual way. You like to put your own personal stamp on it.

You also have a very strong sense of dignity, self-respect, and personal honor and are deeply offended if someone treats you in a humiliating or dishonorable way. You will rarely confront the offender - you are too proud to do so - but you will lose your affection and respect for them. You dislike pettiness and hate to be snubbed or ignored.

You admire others who are strong individuals like yourself. When you befriend someone, you are tremendously loyal, sincere, and willing to go to extraordinary lengths to make that person happy. You are very giving and generous, but your gifts are never anonymous - you expect recognition and appreciation for them. You also expect the intense loyalty that you offer to your dear ones to be reciprocated. However, you often have trouble working with people who are as strong as yourself, for you do not really cooperate or share the leading role very easily. If you are not in the leading role, you aspire to be and will compete with the person who is.

You have great heart and courage, and people often look to you for strength, encouragement, and affirmation. You always have your best face forward and rarely allow others to see you hurting, disheartened, or vulnerable. You also have a very strong need for love, admiration, appreciation, and praise, although you don't like others to realize just how important it is to you.

Your outlook on life tends to be very personal and rather self-centered. Your own self-expression, self-actualization and self-realization interests you more than anything else. You feel that if you do your best where you are, the rest of the world will take care of itself.

Chapter 2: The Inner You: Your Real Motivation

Sun in Aries:

You are a person who thrives on challenge, and you often feel that you must battle your way through life, depending upon no one and nothing but your own strength, intelligence, and courage. You believe in being totally honest, true to oneself and one's own vision and convictions, even if that means standing alone. Honesty, integrity, personal honor, and authenticity are your gods, and you have no sympathy for weakness of character in others.

You crave the freedom to do things in your own way, and you work very well independently. Cooperating with others or carrying out another's will is not your style. You like to be the chief - or to go it alone.

You love action and if others are settling down into a nice, comfortable little rut, then you are always ready to stir things up, do something new, make changes, bring in some fresh blood. Routine and sameness are like death to you. You are not afraid of trying something that's never been done before, and even though you may be seen as a fool sometimes, you also discover, invent, and initiate things that others will later emulate. Taking risks and following your own star are the breath of life for you, and you wilt (or get very frustrated and angry) if you cannot do this.

You are spontaneous, impulsive, direct, enthusiastic, and assertive. You believe in the power of positive thinking and positive action, and you think of yourself as a strong person - even invincible. You hate being ill or in any way in a position of dependency. Accepting your own human limitations and emotional needs is often difficult for you.

You are basically aggressive in your attitudes and have less facility in the receptive arts of relating to others, picking up subtle messages and nuances, listening, nurturing, and harmonizing. Often you are so fired up about your own projects or goals that you inadvertently run over or ignore other people's feelings and interests. Being receptive and appreciative of others' contributions, ideas, and feelings would go a long way in improving your relationships. Your impatience to get on with things causes you to be rather insensitive, and to therefore alienate others unnecessarily. You also frequently try to accomplish your ends by using anger or some version of a temper tantrum. You would gain much by learning to slow down, relax, and just let things be sometimes, but your energetic, restless nature rarely allows you to do this.

Sun in 9th house:

World travel, foreign cultures, and studies which expand your intellectual horizons and broaden your understanding of the world are very attractive to you.

You have a philosophical turn of mind and are concerned with seeking answers to the big questions of life or getting the overview of any situation. Abstract concepts and/or plans for the future occupy your mind much of the time.

Sun Conjunct Mercury:

You tend to see things from your perspective only and to be rather subjective. You also enjoy talking and expressing your views but you don't always listen as well. You have a clear mind, a love of learning and new experiences, and need constant mental stimulation and activity.

Sun Conjunct Venus:

You are loving and well-loved by others, and have a strong need for kindness, friendship, and affection. Your artistic and creative powers are also well developed and you do everything in a harmonious, gracious, pleasing manner. Aesthetics are very important to you. Your personal appearance and attractiveness are also very important to you.

Chapter 3: Mental Interests and Abilities

Mercury in Aries:

Outspoken and direct, you are always eager to express your ideas and opinions and don't mind opposing the consensus and stirring up a little controversy. You have fresh, original ideas and much enthusiasm for anything new and untried, but once the novelty has worn off, you are interested in another new idea or project. You never seem to have enough time to do all you want to. You are very honest, speak decisively and convincingly about things you believe in, and are unable to pretend to agree with someone if you honestly don't. You may be somewhat deficient in tact.

Mercury in 9th house:

You have an unquenchable thirst for knowledge and wisdom and for an ever broadening understanding of life. You are the perpetual student and will be involved in higher education, philosophy, or religion. Law, broadcasting, publishing, or the field of communications are also areas that interest you. World travel and studying other cultures are also strong urges of yours.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Taurus:

Even tempered and peace loving, you are not easily ruffled and are rarely given to emotional displays. You have a calming effect on more high-strung or volatile people, and an emotional

steadiness that others find soothing. Though gentle and not easily provoked, you are tremendously stubborn and will resist any change which requires an emotional adjustment, such as changes in your home life or marriage.

You seek security and loyalty in love, are extremely devoted to your loved ones, and provide a warm, nurturing atmosphere for them. However, you tend to cling and seek to keep others from changing.

A great deal of physical affection, closeness, and touching is essential to your well-being, and you have a tendency to overindulge in sensual comforts and pleasures. At times you substitute food for emotional comfort and love.

Moon in 10th house:

You work well with the public and have an instinct for what the public wants and will respond to. Having a "nest" is not especially important to you, and you may invest more of your emotional energy into your career or public life than in your private life. Providing for and caring for others in a professional capacity is very likely.

Moon Opposition Neptune:

You are a dreamer, attracted to the inner, mystical side of life, and may have trouble distinguishing the real from the imagined or illusory. You do not enjoy confrontation and become very evasive when problems in your personal life arise, escaping into your imagination in order to avoid dealing with them directly. You are also rather gullible and naive about people, especially if your sympathy has been aroused. You are very sensitive to music and can use it to bring yourself into emotional balance and harmony.

Moon Trine Pluto:

You enjoy emotional intensity and are attracted to the mysterious, the unknown, and to dangerous or challenging experiences which draw on all of your inner resources. You are able to handle an emotional crisis very well, and you are interested in the deep roots of emotional problems and how to cure them. You insist on bringing feelings between people out into the open, for you want real closeness and intimacy with others, without barriers or secrets.

Venus in Aries:

Your love feelings and desires are easily aroused but it may be difficult to sustain your romantic interest in a relationship after the initial, exciting "chase and conquest". You enjoy a partner who is dynamic and alive, someone with a strong independent streak, and you do not like things to become too peaceful or predictable in the love arena. You want to see sparks fly once in awhile, even if that means instigating a fight.

Venus in 9th house:

You are attracted to foreigners, exotic places, traveling, and to people who can expand your horizons, teach you something, or show you places and worlds you have never experienced before. Sharing a philosophy or ideal with your love partner is important to you.

Also, you feel a love and kinship for people everywhere, not only with your own family, nationality, or group. Finding similarities and making links between people from differing backgrounds or with different perspectives is a gift of yours.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Virgo:

You are a perfectionist and have high standards for your own work. You often feel that if you want something done right you must do it yourself, for others do not do as thorough a job as you do. Doing a task well is very important to you, and you may labor over minute details that others wouldn't bother with. You strive for accuracy, efficiency, and precision, and you become very irritable when things are not done "right".

On the other hand, you can become so much of a perfectionist and so self-critical that you will not even attempt many activities and projects, feeling that your efforts simply won't be good enough. You are usually modest and realistic in assessing what you can accomplish and, if anything, you underestimate yourself. Of course, practice makes perfect, and if you do apply yourself diligently in some area, you gradually gain self-confidence as you master skills and develop expertise.

You conserve your energy and pace yourself so that you do not waste or diffuse your efforts. An unwillingness to take risks or venture from the beaten track can sometimes limit your opportunities. In short, you may not aim high enough and settle for too little in life.

Mars in 2nd house:

You often buy things on impulse and you can be reckless with your material resources and money. You have certain possessions that you are extremely attached to and possessive of.

Mars Conjunct Uranus:

Dynamic, self-willed, and fiercely independent, you have extraordinary drive and energy. When you want something, you want it NOW, and you act quickly, impulsively, and decisively. Your impatience inclines you to be abrupt with people and reckless. You need a great deal of personal freedom to do things in your own way and do not happily conform to schedules, rules, or regimes imposed by others. You are intolerant of authority and can be very rebellious. You are

very frank with others, sometimes brutally so. You may have an explosive temper. High-strung and often nervous and tense, you find it difficult to slow down, pace yourself, or relax. You are always on the go. You are restless, daring, and experimental.

Mars Conjunction Pluto:

When you want something, you go after it with passionate zeal and are sometimes so driven by your desire that you lose all objectivity. You get so deeply involved in whatever you are pursuing that you become one-sided, even fanatical. Strong-willed and stubborn, you insist on having your way no matter the cost. You are fascinated with power. You often try to overpower anything or anyone you perceive as an obstacle, if not physically then by the force of your will. You can be ruthless and impersonal when it comes to achieving your ambitions and goals in life. You have enormous energy and are capable of extraordinary effort and great achievement. You can also become a compulsive workaholic.

Mars Opposition Saturn:

You work hard and patiently to achieve your objectives, persevering and continuing on in spite of difficulties and discouragement. Concentrating on a single, clearly defined goal, you are able to accomplish much, but you often feel that the way is long and arduous, and that you must struggle on alone, that it's all on your shoulders.

You are capable of great self-control and self-denial and can be a hard task master, expecting far too much of yourself. You also tend to hold yourself back, to doubt your own power and ability. You feel that you meet with great resistance whenever you try to assert yourself or take initiative. Anger and frustration can be big problems for you, especially when you try to work with other people or depend too much on others for support. You work best in solitude.

Chapter 6: Other Influences

Jupiter in Taurus:

Material comfort, security, and well-being are quite important to you, and you are not one to have your head in the clouds when financial matters and future security are at stake. Your strengths are practicality, a love of the earth, and the ability to take great delight in the sensual pleasures of the natural world. Also, when you feel secure financially, you are likely to be very generous and hospitable.

Jupiter in 10th house:

Your career or contribution to the world at large is likely to touch many people's lives in a very positive, helpful way. You aim high and have an innate confidence and trust both in your

own abilities and in life in general, which enables you to go far. You want to do something BIG with your life, and you attract the support you need to do so, for your aims are not solely for your own personal benefit. You want to give something back to the world, or to improve others' lives as well as your own.

Saturn in Pisces:

You often have a sense of longing or homesickness for something you cannot name or specify, and you may have both a great attraction toward, and fear of, mysticism and parapsychology.

Overcoming feelings of fear, guilt, anxiety, loneliness, or oversensitivity is an important task for you.

Saturn in 8th house:

Fear of the unknown, of change, and/or of death may plague you. You strongly resist changes and transitions rather than greeting them with curiosity or a spirit of adventure, which makes them much harder for you.

On another level entirely, you are very careful about joining forces, and especially your material resources, with others. You want to keep your own and other people's property and assets very distinct.

Saturn Opposition Uranus:

You seesaw between playing it safe, and doing something unique and original, between self-control and letting loose, between being a responsible adult and a rebellious adolescent, between what you have to or should do and what your spontaneous impulses tell you. All of this creates enormous inner tension as well as friction with people in your environment. You may, for instance, bitterly resent the government or authority figures who "crush your individuality", and yet ignore your obligations and responsibilities, thus ensuring that they will come down on you. Learning to give each side its due is an ongoing challenge for you.

Saturn Opposition Pluto:

You feel that you must work very hard and struggle against tremendous odds which block your chances of fulfilling your life. You may adopt a very hard, cynical, or nihilistic attitude which will only pull you further down. Severe problems with your father or those in authority are indicated. You may fail simply to spite "them", without realizing you hurt yourself primarily. If you can overcome your feelings of loneliness, bitterness, or isolation, and direct your energies into constructive arenas, you can be immensely effective for your tenacity and potential for achievement is great.

Uranus in Virgo:

You are part of a 7 year group of people who employ their skills and creativity to bring about a great deal of practical reform in education, medical care, and other social services. Your innovations are not radical or unusual, but they are usually effective.

Your generation also has a curious mixture of both conservative, ethical people, and rebellious, disruptive people. There seems to be little middle ground for your age group, and you swing to one extreme or the other. The conservative people strive to reinstate strict moral standards, want to swiftly punish criminal behavior, and strive to highlight the importance of old-fashioned values in our lives, laws, and overall life style. On the other hand, the rebellious people of your generation are angry at the established way of doing things and act in a defiant, crude, and coarse manner.

Uranus in 2nd house:

You have a reckless, impulsive, or very unconventional attitude toward money, material things, and ownership. Above all, you do not want to be possessed by your possessions. The obligations of owning things are likely to feel oppressive to you.

Also, you may make your money in a field that is unconventional, highly unstable, or very inventive and innovative. Your fortunes are likely to fluctuate widely throughout your life.

Uranus Conjunct Pluto:

You were also born during a period that lasted approximately 5 years and is characterized by extreme restlessness and an impatient, dynamic attitude towards life. You are part of a group of people who can be explosive and even violent in their reactions to situations. You do not tolerate being restricted, and your age group rebels with force and anger against oppressive situations.

Neptune in Scorpio:

You are part of a 14 year group of people that have very intense psychic sensitivity and imagination. Your age group is very attracted to the strange, weird, and unusual. The sense of the macabre and bizarre is strong, and this is reflected in much of the music, art, and fashions of your age group. Novels and movies with mystery and chilling suspense are also popular with your age group. Emotional depression, drug use, and suicide are likely to be relatively high in your age group. There is also a deep mystical sense, and Eastern religions and meditation are very attractive to your age group.

Neptune in 4th house:

Your childhood and early home life were colored by a great deal of confusion or by people with unusually active imaginations, aspirations, or fantasies. It is difficult for you to see your childhood and your relationship with your parents in a clear, realistic light. You may search for the ideal, loving home you wish you had, or believe you had, when you were a child. Finding

inner peace and a sense of emotional security within yourself is important to you.

Pluto in Virgo:

You are part of a 15 year group of people that are driven by the need to find an ethical standard and a clear sense of what is right and what is wrong. There is a subconscious drive to straighten out all the world's evils and create a world of perfect order. There is a feeling of repulsion to anything ugly, dirty, or grotesque. Oddly enough, there is also often a fascination with these very things that are so distasteful, and often a feeling of hopelessness and despair about the world's condition.

These inner, emotional and conflicting qualities are reflected in the attitudes and life styles of your generation. Most people of your age group are conservative and ethical, and a small minority goes to the opposite extreme and relishes being strange or unusual in appearance, and sloppy or even grotesque in manners and appearance. There seems to be no middle ground for your generation. Usually, the rebellious type of behavior comes out during adolescence, and tends to subside thereafter, and your age group tends to be very conservative in later life.

Your age group is not very good at compromising and tends to have strong ideas about what is right and what is wrong. There is a strong feeling that you must extinguish evil in the world. Certainly, fostering good works is very commendable, but a categorical and simple-minded response to complex issues is not helpful. Your age group will undergo great transformations in attitudes regarding Good and Evil and will swing to great extremes. Your generation will also make great contributions in the areas of medicine and nutrition, ecology, and education.

Pluto in 2nd house:

You are likely to have a fixation on money, wealth, and material resources. You may totally renounce material desires and ownership, or become obsessed with having, owning, and accumulating. Your attitudes towards owning, keeping, and sharing will undergo major changes in your lifetime, and your fortunes are likely to run very hot or very cold.
